

Couvrette offers a number of accessories to improve the safety, functionality, visibility, and marketing potential of any ATM installation. Dedicated to quality, Couvrette offers complete turnkey service and provides solutions for site planning, site construction, design, manufacturing, delivery, installation, service, and maintenance.

POS Marketing Panels

Point-of-sale panels may be ordered as an integral part of any Couvrette surround, kiosk, or topper or as a stand-alone wall-mount panel. Backlighting for the POS gives greater visibility to the panel. Couvrette will engineer custom POS sizes and configurations to meet any installation requirement. Couvrette can also provide the POS insert based on customer artwork, or create POS panels with replaceable inserts for complete flexibility.

ATM Network Panels

ATM networks are an integral part of any ATM installation. Couvrette can produce any configuration of ATM network panel for any number of ATM networks. Common configurations include one or two vertical columns or horizontal rows. Backlit network panels are also available. As a provider of ATM solutions to financial institutions, Couvrette has all current network logos on file to meet any requirement.

Applied to Metal Surround

One-row Horizontal Networks
Applied to Metal Surround

One-row Horizontal Networks
Applied to Metal Surround

Front and Side Networks
Applied to Topper

Turnkey Service from Concept to Completion

Waste, Envelope Dispenser, Lights

Extras such as envelope dispensers, waste receptacles, and writing shelves increase the ATM's usability. These can be ordered as integrated components of a new kiosk or as a stand-alone unit that can be added to an existing ATM installation. Optional AB244 compliant lighting packages increase safety and visibility for ATMs.

Integrated Envelope Dispenser

- Integrated Into Kiosk Design
- Fire Resistant Aluminum
- Holds up to 200 Envelopes

Integrated Waste Receptacle

- Integrated into Kiosk Design
- Fire Resistant Aluminum
- Front Door for Service Access

Sun Screens

- Protects ATM from UV Rays
- Provides Shade for Customers
- Increases Visibility of the CRT

Lights

- Compact Cut-off Lights
- HPS and Metal Halide for Long Life
- Low Maintenance, Energy Efficient
- AB244 Compliant

Protection from Vehicle Damage

Vehicle height detectors, bollard posts, and bumper guards protect both the ATM installation and the customer's automobile. These devices prevent your investment from experiencing vehicular damage, adding life to your ATM deployment.

Bollard Posts

- Prevents Impact with ATM
- 4" Diameter, 20" or 36" High
- Protects Building or Kiosk

Bumper Guards

- Protects Kiosk Paint from Scratches
- Non-marking, Shock Absorbent Vinyl
- Custom Colors Available

Vehicle Height Detector

- Alerts Customers to Height of Canopy
- Spring Loaded Clearance Indicator
- Can be Installed Separately for Retrofits

Super Bollard

- Acts as a Vehicle Height Detector
- Protects ATM from Impact
- Added Height Protects Canopy or Signcan

ATMs shown are for illustrative purposes. See *Couvrette's ATM Cross-reference Guide* for a complete listing of all ATM models compatible with these products.
