

## Product Bulletin: Not All Kiosks Are Alike

### *The Advantages of Couvrette Kiosks*

Couvrette Building Systems offers financial institutions the highest quality ATM kiosk available today. No other kiosk manufacturer has been involved in the industry as long as Couvrette has, and Couvrette's kiosks offer advantages that no other manufacture offers. From initial construction to Couvrette installation, our ATM kiosks consistently out perform and outlast the products offered by the competition. Couvrette offers more choices for how the ATM can be moved into and out of the service position, guaranteeing a solution for any ATM installation. Couvrette designs all of our kiosks with long-life in mind, assuring that your kiosk will look factory-new for many years to come.

#### *Designed and Constructed for Long Life*

- Frame and integrated steel floor offer superior structural integrity; Walls are constructed from 12 gauge galvaneel steel, aluminum or stainless steel.
- Leak-proof design: Counter-flashed roof and sealed exterior prevent rain and snow from getting in the kiosk.
- Rust Prevention Designed In: The kiosk underside is sprayed with an automotive undercarriage coating. The bottom inch of the kiosk is also taped using 3M tape to prevent rusting. The kiosk interiors are caulked on both sides of each stud to prevent moisture from penetrating and rusting the stud lines.
- UL Approved Buildings for safety and quality assurance.
- Canopies are rated for 30 lb/sq. ft. of snow and 110 MPH winds.

#### *High End Branding for Maximum Visual Impact*

- In-house graphics department uses state-of-the-art techniques and materials to create highly visible branding.
- Automotive quality paint in any color and in a variety of finishes.
- Brick, Stucco, and other custom exteriors available to match existing site architectural styles.

Classic Kiosk

Turn Kiosk with Brick Exterior

### **Energy Efficient to Reduce Operating Costs**

- Double-insulated kiosk walls.
- Advanced HVAC system uses a continuously running fan to maintain airflow within the kiosk.
- HVAC unit switches between heating and cooling automatically; no manual switching required.
- Auto-leveling feature allows thread control exactness and leveling and creates dead-air space between the concrete slab and the ATM to further insulate the ATM.

**Glide Kiosk**

### **Enhanced Lighting Options**

- Compliant with AB244 security standards for lighting.
- Photocell activated to save energy.
- Custom Backlit Canopies for high visibility.

**Backlit and Down Lit Canopy**

### **Complete Turnkey Service**

- Couvrette handles every detail from the time the order is placed through the installation.
- All Couvrette kiosks are delivered and installed by factory-trained Couvrette personnel to ensure minimal disruption at the installation site.
