

Product Bulletin: Couvrette Introduces a Fully Loaded Topper for Opteva 500 ATMs

New ATM Topper offers Visibility and Functionality

Couvrette Building Systems has designed an Opteva 500 ATM Topper to accommodate a variety of security equipment. This innovative product provides storage space for a control panel, hub, alarm system, camera, multiple DVRs, and a ventilation fan, all in a 18.5" wide x 15" deep x 26" tall ATM topper. This allows the financial institution to provide increased visibility to the ATM while housing all the equipment needed to make the ATM secure. The front of the topper is backlit and custom graphics create a high visibility look for the ATM installation.

The addition of a Topper can turn an overlooked ATM into a magnet for higher transaction volume. Couvrette's "Design and Build" philosophy allows us to custom design your ATM Topper to meet the space requirements of the installation while building in functionality and value. factory-new for many years to come.
