

Couvrette's Glide Kiosk has been solution-engineered to offer a system for deploying a cash dispenser or full function ATM in a space-saving walk-up or drive-up installation. The overhead glide system allows the ATM to glide forward for secure servicing inside the kiosk away from weather and debris. A corrosion resistant exterior and steel frame construction assure long life in all environment conditions. Couvrette supports custom paint colors and provides marketing and branding graphics to suit any installation.

Dedicated to quality, Couvrette offers complete turnkey service and provides solutions for site planning, site construction, design, manufacturing, delivery, installation, service, and maintenance.

Benefits

Next generation glide kiosk technology for long life and low maintenance operation.

Unique overhead design assures that trapped debris does not effect kiosk operation.

Offers safe and secure environment for ATM and cash handlers.

Kiosk acts as a "monument sign" providing a highly visible area for branding and marketing.

Integrated floor and unibody roof allow quicker installation and easier relocation.

UL certified kiosk facilitates site inspections and permit approvals.

AB244 compliant optional down lighting increases safety for the ATM customer and service personnel.
