

# Metal Surround

Couvrette's Metal Surround enhances the visibility and functionality of ATM installations. Backlit custom signage promotes the customer's image as well as brand awareness and marketing themes. Constructed from durable aluminum or steel, the surround is ideal for indoor and outdoor installations. The surround is custom engineered to fit any height and width requirement for walk-up and drive-up through-the-wall installations. Optional POS panels increase visibility with backlit marketing areas. Couvrette supports any customer paint color and provides marketing and branding graphics to suit any installation. Accessories, such as envelope dispenser, waste receptacle, and networks panel, allowing flexibility in configuring the ATM installation.

Dedicated to quality, Couvrette offers complete turnkey service and provides solutions for site planning, site construction, design, manufacturing, delivery, installation, service, and maintenance.

## *Benefits*

Sturdy metal construction withstands harsh weather conditions.

Makes use of existing building or opening for easy deployment.

Backlit signage and optional POS panel create a transaction magnet for the ATM installation.

Custom engineering allows the surround to be sized for any existing opening and provides features such as backlit POS panels, envelope dispenser, waste receptacle or writing shelf.

Complete support from site planning to delivery, installation, and service.
